Issue:

Agreement between West Valley City and Granger-Hunter Improvement District for the Installation of a Water Transmission Line – 2400 South 4800 West Roadway Extension Project

Synopsis:

Granger-Hunter Improvement District desires to have water and sewer improvements installed together with the 2400 South 4800 West Roadway Extension Project.

Background:

West Valley City is preparing to construct a new roadway at 2400 South and 4800 West. Granger Hunter Improvement District is proactively seeking to have water and sewer improvements installed to provide service to future development in the area. Through this agreement Granger Hunter agrees to pay actual costs for the city's contractor to install the proposed water and sewer lines. It is estimated that the proposed water and sewer improvements will cost approximately \$690,650.

Recommendation:

Approval of the Agreement between Granger-Hunter Improvement District and West Valley City.

Submitted By:

Daniel Johnson, P.E., City Engineer
